

# HYMOOV Device: Earthmoving Machinery

## CONSORZIO DI BONIFICA

**Districts** : Adige Garda, Agro Veronese Tartaro Tione e Valli Grandi e Medio Veronese

**Test with positive result (December 2022)**

Framework agreement negotiation and first orders

## PROJECT GOALS

**Innovation:** the HYMOOV device was installed on earth-moving machines (TEST CATERPILLAR 314L) for an operational experiment which made it possible to collect data concerning the positive impact of the device on energy efficiency.

**Actions during testing :** The HYMOOV device was installed on vehicles that ensure the development and management of water pumping systems, canals and watercourses for recovery and irrigation and the small connected hydrographic network equipped with water resources intended mainly for irrigation.

**Data Certification :** All test data were analyzed and contributed to the launch of ROS\_10 certifications by ATS, the organization responsible For these activities requested by Acca Industries srl to complete the CE standard.

ACCA INDUSTRIES S.r.l.

**Sede Legale:**

- Via Amedei 15 - 20123 Milano  
Numero REA MI 2575977

**Sedi Operative:**

- Via della Tecnica 18/A - 37060 Lavagno (VR)
- Viale Ionio 69 - 75100 Matera
- Viale Porta Adige - 45100 Rovigo
- Piazza Giacomo Zanellato-35131 Padova (PD)
